When Healthcare Meets Politics

Thursday, May 25, 2017

4-6pm, Room 590

Join us for a vivid discussion on the proposed replacement of the ACA (Obamacare) and the possible benefits and consequences of these changes to our healthcare system. What will this mean not only at a federal level, but for the state of Illinois? What impact will these changes have on individuals with employer-provided insurance? Who is the most at risk? These questions and more will be addressed when we discuss what happens when healthcare meets politics.
